PROCEDURES:

- A. The department screens finalists for employment on their criminal history, associations with criminal justice involved persons or currently/formerly incarcerated persons, employment history, including incidents of sexual harassment, and other background information, if applicable, when they are being considered for initial appointment or rehire with the DOC. The department also conducts criminal history and employment history checks, including checking for incidents of sexual harassment, on a finalist for promotion with the DOC.
 1. The DOC does not confirm a finalist's contingent job offer or promote anyone who:
 - a) Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or any other public or private institution responsible for the care and custody of people;
 - b) Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or
 - c) Has been civilly or administratively adjudicated to have engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or any other public or private institution responsible for the care and custody of people.
 2. For positions that may require the use or possession of a firearm, the department only confirms a finalist's contingent job offer for individuals who are legally eligible to use or possess a firearm. For positions that provide psychotherapy, the department conducts an employment history check from the last five years to determine if the finalist has a history of sexual contact with clients.

3. At least once every five years, a criminal history check is conducted on all employees. Qualified staff evaluate the findings and provide the appointing authority with any pertinent information to consider.
4. Offers of employment and promotion are contingent on the results of the applicable background checks, the post-hire fingerprint check, and other applicable background checks (such as the psychotherapy background check) if required. If applicable, offers of employment including promotion are also made contingent on the results of the pre-placement physical exam, in accordance with Policy 103.016, "Pre Placement Medical Exam and Evaluation," Policy 105.180 "Tuberculosis Control for Applicants, Employees, Contractors, Volunteers and Students," and Policy 103.041, "Commercial Driver's License."

B. Criminal history and predatory offender background checks for finalists

1. Finalists for initial appointment, rehire, and promotion must complete the background checks forms provided by the human resources (HR) staffing representative or hiring supervisor. If the position requires the use or possession of a firearm, the finalist must be provided with the Firearms Screening Questionnaire (attached) and be screened to determine whether or not the finalist is permitted to use a firearm, in accordance with Policy 103.130, "Firearms and Chemical Irritants Eligibility." If the finalist has a history of criminal conviction, including sexual abuse, the finalist must provide all the following, if applicable and requested:
 - a) A copy of the local, state or federal release order demonstrating one year has elapsed since incarceration.
 - b) A copy of the relevant discharge order or other documents from the respective law enforcement jurisdiction or court of record showing completion of probation, parole, or other field supervision.
 - c) Any other competent evidence of rehabilitation and present fitness. This may include letters of reference by persons who have been in contact with the finalist since the finalist's release from incarceration.
 - d) For positions that require the use or possession of a firearm, finalists with a domestic assault conviction, a domestic assault arrest with a lesser conviction, and/or a misdemeanor or higher assault conviction must provide documentation regarding their eligibility to possess a firearm.
2. The HR staffing representative must review the background check form(s) for completeness and signature and provide the form(s) to the HR transactions aide to conduct the initial criminal history check.
3. The HR transactions aide must provide the Criminal History/Release of Predatory Offender Registration/Sexual Abuse Record Form (attached) to the office of special investigations (OSI) to perform the predatory offender registry check on finalists for initial appointment and rehire.
4. The HR transactions aides must maintain the necessary certification(s) to conduct the following checks for criminal convictions:
 - a) Review of the appropriate consent form to ensure the form is complete.
 - b) Criminal justice information system (CJIS) criminal history query, including wants and warrants (for initial appointments, rehires, and promotions).
 - c) Odyssey system query (for initial appointments, rehires, and promotions).

- d) Current driver's license status check (all listed states, for initial appointments and rehires).
5. Criminal history results
- a) For reviews/checks that identify no criminal history, the HR transactions aide must return the finalist's background check form(s) to the HR staffing representative.
 - b) For reviews/checks that identify a criminal history on finalists for initial appointment and rehire, the HR staffing designee must provide all the documentary evidence to the OSI director/designee. The OSI director/designee must maintain the necessary certification(s) to conduct checks for criminal convictions; review the findings; and determine whether or not the finalist is eligible for employment in accordance with this policy. If more documentation is needed from the finalist to make a determination, the OSI director/designee must ask the HR staffing designee to request more information from the finalist. For positions that require the use or possession of a firearm, this may include requesting the finalist to provide an approved request to purchase or carry a firearm.
 - c) For reviews/checks that identify a criminal history on department employees who are finalists for promotion, the HR staffing designee must provide all the documentary evidence to the OSI director/designee if assistance is needed to complete the review/check. The OSI director/designee must maintain the necessary certification(s) to conduct checks for criminal convictions.
6. Once the OSI director/designee has determined the finalist's authorization for initial appointment or rehire, or has completed the criminal history check on department employees who are finalists for promotion, the OSI director/designee must sign the Pre-Employment Background Checklist and return the criminal history packet to HR staffing.
7. Unless DOC senior management has authorized an exception, the HR staffing manager/designee must contact the appointing authority to review the criminal conviction history of a finalist for initial appointment or rehire to a position other than trainee-corrections officer and contact the appointing authority review panel for a trainee-corrections officer position. The HR staffing manager/designee must contact the regional HR director regarding the post-hire criminal history of a department employee who is a finalist for promotion to determine whether the employee reported the conviction(s) per Policy 103.0141, "Employees Who Are the Subject of Criminal Investigation(s), Arrest(s) and/or Conviction(s)." The regional HR director must review with the appointing authority the post-hire criminal history of a department employee who is a finalist for promotion.
8. The appointing authority/review panel must examine a finalist's criminal conviction history and any documentary evidence, if provided or requested, in order to determine if the finalist will be offered a contingent offer for a position. The appointing authority/review panel must consider the following:
- a) The relationship of the crime(s) to the position being sought;
 - b) The nature and seriousness of the crime(s) for which convicted;

 - e) The length of time elapsed since the crime(s) were committed;

- f) All other competent evidence of rehabilitation and present fitness presented, including such examples as employment history, completed education/training, and letters of reference by persons who have been in contact with the finalist since the expiration of the finalist's sentence; and
 - g) For a department employee who is a finalist for promotion, all of the above and also whether the employee reported the conviction(s) per Policy 103.0141, "Employees Who Are the Subject of Criminal Investigation(s), Arrest(s) and/or Conviction(s)."
9. For initial appointment and rehires, the HR staffing manager/designee must document the appointing authority/review panel decision on the Pre-Employment Background Checklist (attached) and relay the decision to the HR staffing representative. For promotion of department employees, the HR staffing manager/designee must document the appointing authority's promotional decision, if required, on the Intent-Consent to Conduct Employee Criminal History Check Form (attached).
10. The background check form(s) of the finalist/employee are retained in the employee's private/confidential file.

- 6. OSI must complete a check of all incarcerated persons' phone records and financial transactions along with any other pertinent information.
- 7. The HR staffing designee must provide information from the finalist, COMS, and OSI to the appointing authority review panel to determine whether the personal association would be a detriment to security or to the safety of employees. If determined to be a detriment to security or safety, the finalist's contingent job offer must not be confirmed for initial appointment or rehire. If approval by the appointing authority/review panel includes conditions related to the association(s) with criminal justice involved persons, the HR staffing designee must communicate the conditions to the finalist prior to the initial appointment or rehire date.
- 8. A finalist who fails to report a personal association with a criminal justice involved person and is subsequently appointed may be discharged upon discovery of the association.

D. Employment history check

- 1. Finalists for employment must be asked to complete the Employment Reference Form (attached) and the Release of Information (attached).

- 4. The HR staffing manager/designee analyzes and reviews the facts pertaining to the discharge/discipline with the hiring supervisor and/or appointing authority to determine if there is a job-related basis to remove the applicant from consideration for the vacancy.
- 5. For finalists for trainee-corrections officer positions, the HR staffing representative/designee must contact each current or previous employer from at least the last five years. For finalists for positions other than trainee-corrections officer positions, the hiring supervisor must contact each current or previous employer from at least the last five years. The Employment Reference Form, Release of Information Form, and Employment Background Information Request must be used for this purpose. For department employees who are finalists for promotion, HR must verify if the employee has been the respondent in a substantiated violation of Policy 103.300, "Sexual Harassment Prohibited."
- 6. For finalists for trainee-corrections officer positions, the HR staffing designee must review negative results from the employment history check, including any substantiated complaints by a former or current employer of sexual harassment, with the staffing

7. For finalists for positions other than trainee-corrections officer, the hiring supervisor must review negative results from the employment history check with the hiring supervisor's manager, the HR staffing representative, and the appointing authority if deemed necessary, to determine if there is a job-related basis to remove the applicant from consideration for the vacancy.
8. When a finalist's employment history includes a substantiated complaint (by a former or current employer) of sexual harassment, the assistant commissioner – facility safety and security or appointing authority must consider the time since the incident(s) occurred, the severity of the incident(s), and any repeated behavior/performance issues in making an employment decision.

E. Department of Human Services (DHS) background check

If the finalist's work includes providing direct contact services to juveniles under the jurisdiction of a DOC licensed facility, the regional HR staff must follow the facility's protocol to ensure a DHS background check is completed prior to confirming a finalist's conditional job offer.
