Issue Date:	12/6/16	
Effective Date:	12/20/16	

AUTHORITY: [Minn. Stat. §241.01, subd. 3a and 3b](#)

PURPOSE: Kiosk services are designed to provide offenders with improved visiting access, enhanced communication with family and friends, and entertainment activities consistent with department security and rehabilitation goals. Offender/resident programs (e.g. Challenge Incarceration Program (CIP), juvenile programs) may restrict access to downloadable content. If feasible and consistent with security concerns, facilities may provide offenders on administrative segregation status with access to downloadable content.

F. Media players

1. Adult offenders may purchase a media player from the kiosk service provider. However, juvenile residents and CIP participants cannot purchase or possess media players. Community members may also purchase a media player for adult offenders.
