A. Operations

1. MINNCOR provides a centralized canteen operation where incarcerated persons/residents from each facility can order/purchase approved items which in turn are distributed through the commissary department at the incarcerated person's/resident's respective facility. The canteen's operation is an integral part of the DOC and contributes to incarcerated persons'/residents' welfare and morale. Operating costs directly involved with the canteen are charged to and paid for by MINNCOR. Based on correctional reasons and/or individual medical concerns, a facility may impose limitations on the amount and types of canteen purchases
2. The DOC canteen committee, comprised of staff from each facility and MINNCOR, regularly reviews canteen operations to ensure the choice of inventory is appropriate and reflects incarcerated person/resident needs.
3. The committee ensures a reasonable number of items are offered; if an item is added another must be deleted.
4. Any proposed changes, excluding brand or minor style changes, to the centralized canteen list must be sent to the canteen committee for approval/disapproval.
5. The DOC canteen committee and the DOC director of health services/designee must give joint approval for any nonprescription medications available to incarcerated persons/residents at the canteen.
