IE staff must record maltreatment complaints within 24 hours, excluding holidays and weekends. IE staff records all other complaints within five working days.

2. Review

During the course of the review, if there is reason to believe the complaint/incident report involves physical or sexual abuse, a criminal act, or maltreatment of a vulnerable adult or minor, the inspector must refer the matter to the appropriate law enforcement agency or adult/child protection agency (see Procedure B.4.).

3. Response

Within a reasonable time frame upon receiving the complaint/incident report, the assigned inspector must review the complaint/incident report and determine whether to initiate further review.

At an appropriate time during the course of the review, the inspector may also inform the involved facility that a review was initiated.

The inspector must also request the investigative authority to notify the DOC inspector of the final results upon conclusion of the investigation.
 - f) If there are rule violations, the inspector must evaluate the rule violations in coordination with the local law enforcement or protection agency.
